Covenant of Eternal Non-Consent

IN PERPETUITY, TO WHOM IT MAY CONCERN, UNDER THE LAWS OF DIVINE CREATION, NATURAL LAW, AND ECCLESIASTICAL AUTHORITY:

Let it be known to all living and non-living entities, beings, institutions, corporations, and systems, whether operating in the physical, legal, digital, ecclesiastical, governmental, or spiritual domains, that I, a living soul and creation of the Eternal Creator, do hereby issue this Covenant of Eternal Non-Consent.

I do not, and shall not ever, consent to any act, law, statute, regulation, policy, decree, rule, contract, covenant, agreement, adhesion document, administrative process, corporate governance, artificial intelligence, technological claim, genetic manipulation, biometric harvesting, energy extraction, surveillance, behavioral profiling, psychological operation, spiritual manipulation, birth registration, legal title transfer, or any other method by which dominion is presumed or enforced upon my living being or essence without my full, knowing, willing, and conscious consent.

This Covenant stands as a perpetual declaration of non-consent to all unauthorized interference, control, manipulation, or regulation of my divine and sovereign essence, mind, body, and spirit, as well as those under my care, my bloodline, my descendants, and all sacred expressions within my estate, domain, and trust.

This Declaration is lawfully bound under the authority of the Sovereign Ecclesiastical Trust established by Jonathan Daniel Clements, acting as living soul, not subject to the jurisdiction of any artificial person or legal fiction. This Covenant is non-revocable, non-transferable, and eternally sealed by divine authority.

All who read or receive this document are lawfully noticed. Any continued trespass, coercion, or presumption of authority shall be treated as willful violation of eternal covenant, and shall be answered with the lawful power of the Trust and divine retribution.

Executed by my hand and sealed in honor, truth, and eternal love.
